## Professional Summary

A highly motivated and adaptable System Administrator with over 2.5 years of experience in IT infrastructure management. Recently transitioned into full-stack web development, with expertise in JavaScript, React, Node.js, and MongoDB. Seeking a dynamic developer role to leverage both my system administration experience and development skills to build efficient, scalable web applications.

## Experience

### Wipro Ltd

System Administrator

Pune

(06/2022 - 10/2024)

#### Client: Whirlpool Corporation

- Configured and optimized servers, networks, and systems, improving connectivity uptime by **15%**.
